DETAILED ACTION

Response to Amendment

The amendment filed on 3/15/2007 has been entered.

Allowable Subject Matter

Claims 1-10, 13-15, 17 and 18 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding the independent claim 1, the prior art of record does not teach or suggest the invention of a display device having a connecting portion of the cathode line with the electron source being a composition which includes a conductor and an insulator wherein the occupancy rate of the conductor is equal or more that the occupancy rate of the insulator, along with other claimed limitations. Claims 2, 3, and 6-8 are allowed due to claim dependency.

Regarding the claim 4, the prior art of record does not teach or suggest the invention of a display device having the occupancy rate of the conductor of the layer interposed in the connecting portion of the cathode line with the electron source being higher than the occupancy rate of the conductor of the cathode line, along with other claimed limitations. Claims 5, 9, 10, 13 and 14 are allowed due to claim dependency.

Regarding claim 15, the prior art of record does not teach or suggest the invention of a display device having the second occupancy rate of the conductor of the layer interposed in the connecting portion of the cathode line with the electron source being higher than the first occupancy rate of the conductor of the cathode line, along with other claimed limitations. Claims 17 and 18 are allowed due to claim dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany

the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Contact information

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Burnsuk Won whose telephone number is 571-272-2713. The examiner can normally be reached on Monday through Friday, 8:00 am to 5:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nimeshkumar Patel can be reached on 571-272-2457. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
